## Woman's Greatest Trouble.

Big Sandy, Tenn.—Mrs. Lucy Can-  
trell, of this place, says: "Every  
two weeks, I had to go to bed and  
stay there several days. I suffered  
untold misery. Nothing seemed to  
help me, until I tried Cardui, the  
woman's tonic. Although I had  
been afflicted with womanly weak-  
nesses for seven years, Cardui help-  
ed me more than anything else ever  
did. It is surely the best tonic for  
women on earth." Weakness is  
woman's greatest trouble. Cardui  
is woman's greatest medicine, be-  
cause it overcomes that weakness  
and brings back strength. In the  
past 50 years, Cardui helped over a  
million women. Try it for your  
troubles, today.

Original Home of Honey Bee.  
The common variety of bee, known  
as the honey-bee, is thought by some  
high authorities to have had its origi-  
nal home among the woods and  
mountains of central Europe.

## REPORT OF THE CONDITION OF THE Bank of Pembroke

## PREFER BICYCLES TO AUTOS

Danish People Have Bought Sixty  
Thousand of the Former in  
a Single Year.

Bicycle riding has ceased to be a  
fad in most parts of America, and it  
has been noted that many of the for-  
mer bicycle manufacturers have  
turned their attention to the mak-  
ing of automobiles. Even the Eng-  
lish ardor for bicycle parties has be-  
come dampened of late, and the bi-  
cycle is now used only when a con-  
venient means of transportation for  
the individual is required.

It is interesting to hear that some  
sixty thousand bicycles have been  
sold in Denmark in a single year. In  
fact, the Danes have never ceased in  
a regular demand for the bicycle.  
English and American wheels were  
formerly the most popular makes,  
but German products have con-  
quered the market the past decade,  
and to Germany, at the present, is  
given Denmark's sizable order.—Na-  
tional Magazine.

## CHINA'S CRAZE FOR CULTURE

Celestial Empire Has 500 Students  
Abroad and Many New Col-  
leges at Home.

Colleges have sprung up like  
mushrooms after a rain in all the  
provincial capitals. Ten years ago  
there were probably less than 300  
students in modern government in-  
stitutions in Pekin; today there are  
over 17,000.

College professors from America,  
Japan and Europe have been  
brought in by the hundred; there are  
16 American teachers on the steamer  
by which we are traveling, all to be  
placed in one institution in Pekin,  
the buildings for which are not yet  
completed.

Chinese students have gone to the  
four corners of the earth in search  
of modern education; there are over  
3,000 in Japan, nearly 1,000 in Eu-  
rope and about the same number in  
America.—Pacific Monthly.

## GROWTH OF DOMINION CITIES.

The statement that Vancouver has  
now 115,000 population will serve  
to show the tremendous growth of  
the west. Twenty years ago the  
Citizen published the census figures  
showing that Vancouver had a popu-  
lation of 13,000 and commented on  
the fact that in the ten years from  
1881 to 1891 it had grown from  
nothing to 13,000. In the middle  
west the figures are equally eloquent.  
In Saskatchewan the city of Moose  
Jaw in 1901 had some 1,200 popula-  
tion. Today it totals nearly 20,000.  
Saskatoon's population in 1901 was  
less than 500. Today it boasts near-  
ly 18,000. Lethbridge grew from  
2,500 in 1906 to 14,000 in 1911.—  
Ottawa Citizen.

## PLANTS IN THE HOME.

If every housewife only knew the  
cheering effect of plants in the house  
there would be few if any homes in  
the world without them. Besides  
their making the home attractive  
and summerlike they help purify the  
air to a far greater extent than one  
would suppose; in fact, if each room  
in the house were to have a couple  
of pots of Boston fern the supply of  
oxygen diffused by them would be  
sufficient to sustain life for a time.  
The rubber plant is not to be over-  
looked as a houseplant for besides its  
use it is little care.

## VALUE OF SINGLE-MINDEDNESS.

"A double-minded man," it is  
true all the world over, "is unstable  
in all his ways," like a wave upon  
the streamlet, tossed hither and  
thither with every eddy of its tide.  
The recognition of a determinate  
purpose in life, and a sturdy adhe-  
sion to it through all disadvantages,  
are indispensable conditions of suc-  
cess. The outside world under-  
stands this matter well. Hence, in  
the great life race, the vacillating are  
outrun by the steady, although the  
former may be fleet of foot, as Asa-  
hel upon the mountains of Israel.—  
Puncheon.

## PERHAPS.

"Do you think any of the indicted  
election officials are really running  
away?"

"Oh, no, some of them in their  
desire to save the courts work may  
be a little overzealous."

## APPROPRIATE EXPRESSION.

"Did your bibulous friend shed  
tears when he found he couldn't get  
a drink?"

"No; surely gave a dry sob."

## "Onyx" Hosiery
